

FONDS DES ACCIDENTS DU TRAVAIL

CIRCULAIRE N° 2005/5

Liaison des prestations sociales à l'indice des prix à la consommation

La moyenne arithmétique des indices santé du mois de juillet 2005 et des trois mois précédents s'élève à 116,25 (Moniteur belge du 29 juillet 2005).

L'indice-pivot 116,15 est donc dépassé.

Conformément aux articles 4, § 1^{er} et 6 de la loi du 02.08.1971, les prestations sociales doivent être majorées de 2 %.

Vous trouverez, en annexe, le tableau reprenant les montants forfaitaires applicables à partir du 01.08.2005 pour calculer les allocations supplémentaires, spéciales, d'aggravation et de décès.

L'attention est attirée sur le fait que pour les accidents survenus à partir du 01.01.1988, le tiers en capital est calculé sur la base de la rente indexée au moment du calcul de ce tiers. Compte tenu de l'alinéa 3 de l'article 45 de la loi du 10.04.1971, l'indexation interviendra pour les capitaux calculés à la date du 01.10.2005.

En outre, la partie cumulable de la rente versée au Fonds dans le cadre de l'application des règles de cumul avec les pensions (article 42 bis, alinéa 3 de la loi du 10.04.1971) est également indexée de 2 % à partir du 01.08.2005.

L'administrateur général,

M. DEPOORTERE
